Committee 4.0

Terminal Industry Committee 4.0

### Mission Statement TIC 4.0

*The mission of TIC 4.0 is to **promote, define and adopt standards** that will enable cargo handling industry to embrace the 4<sup>th</sup> industrial revolution.*

# “Grassroot” movement

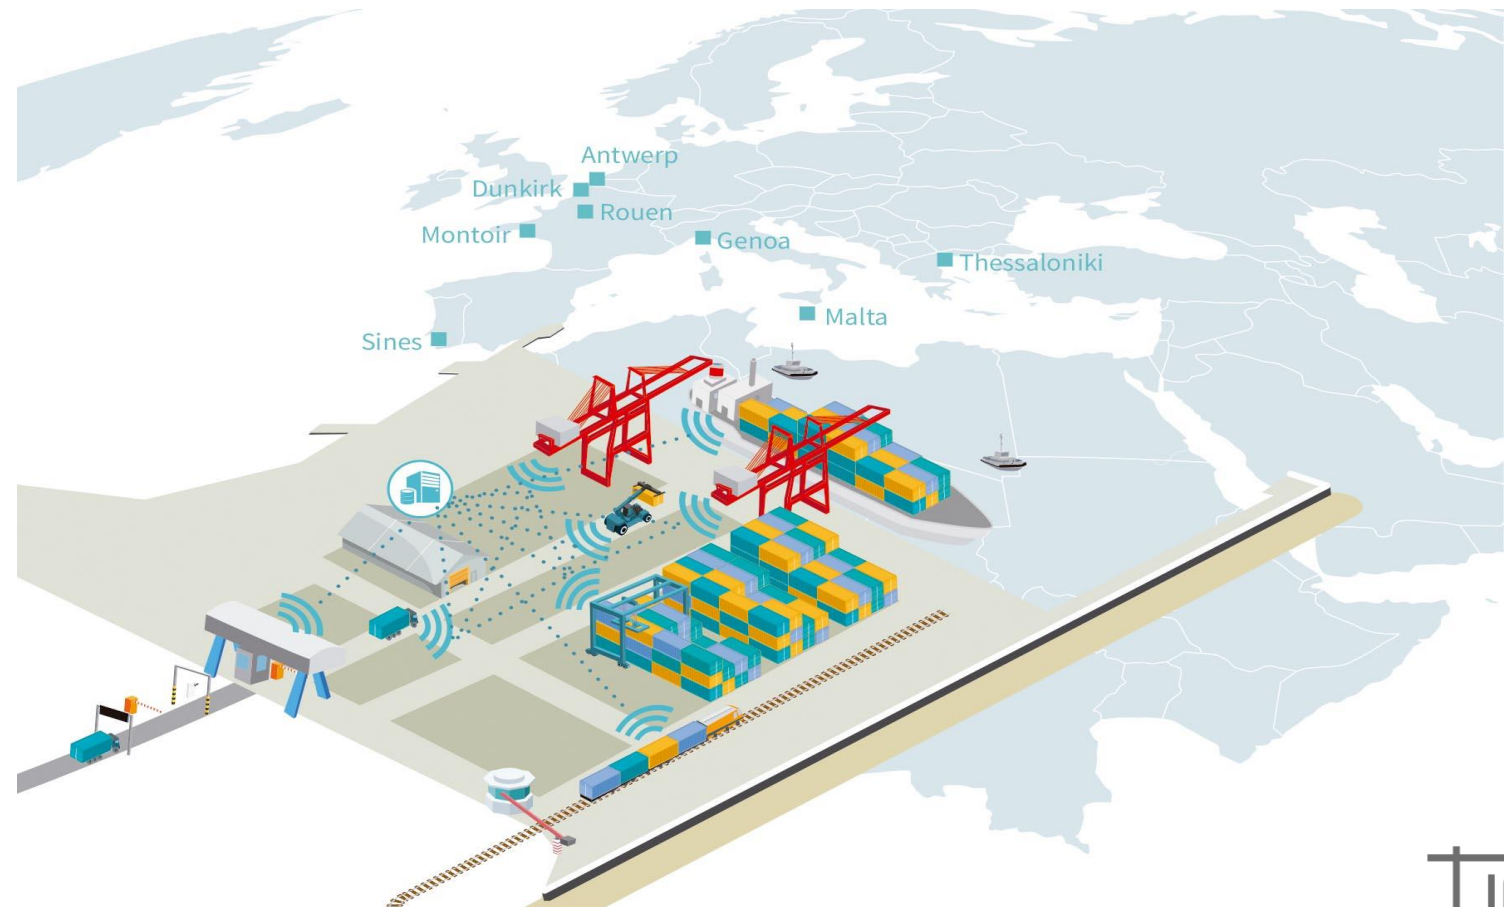

Terminal Operators  
and Solution  
Providers joining  
forces.

Results of TIC<sub>4.0</sub> is tested by some members at their terminals in the “iTerminals”- pilots under the EU-CEF.

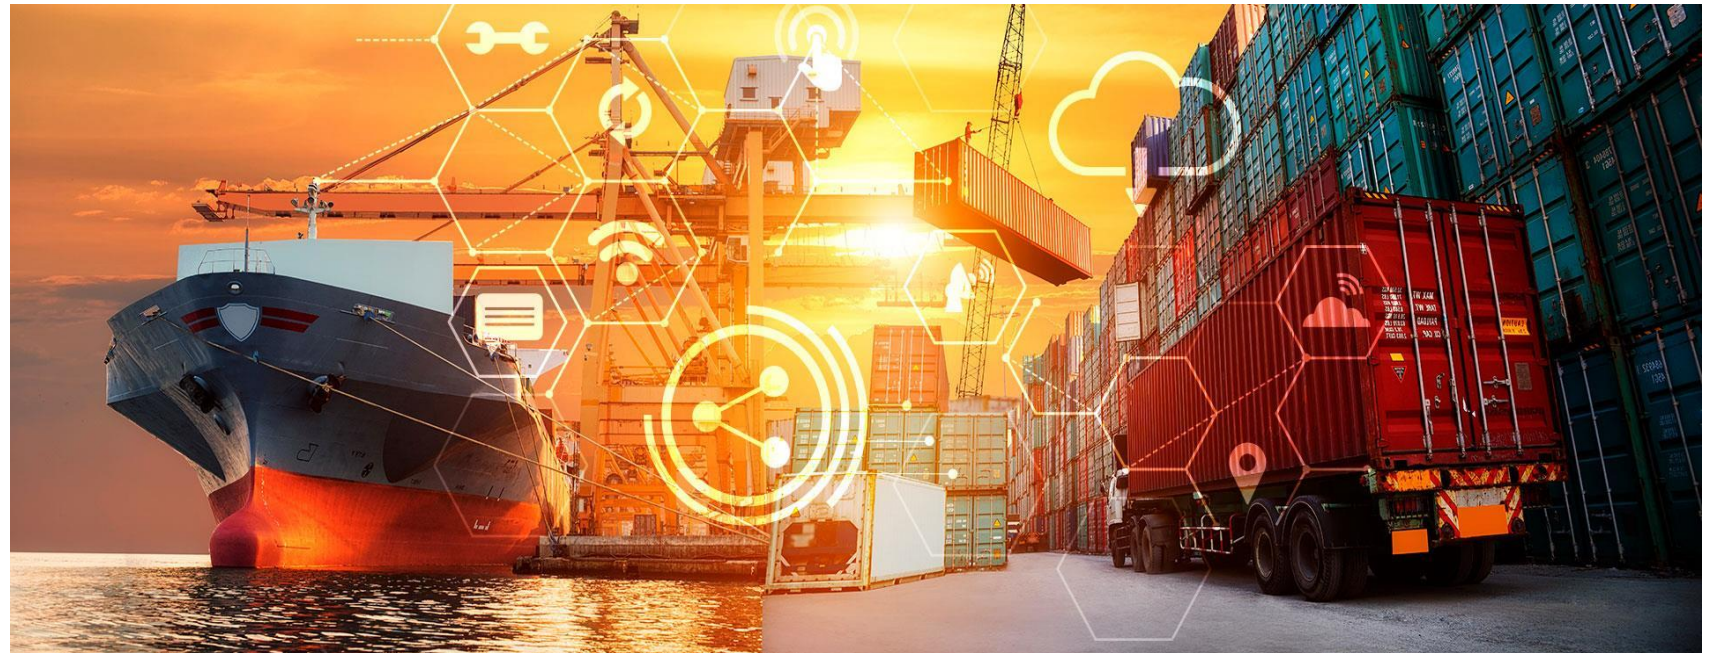

- “iTerminals” intends to pilot implementation of some of the standards developed by the TIC 4.0. (<https://iterminalsproject.eu/>)
- The approval by the EU-CEF is a very positive endorsement for the TIC 4.0 initiative.

Co-financed by the European Union  
Connecting Europe Facility

# We talk TIC4.o!

**TIC4.o will enable the cargo handling industry to get the full potential of the 4th industrial revolution.**
